Duro Buildings - The Most Respected Name in the Steel Building Industry

Duro Steel Buildings is a family owned company specializing in the design and fabrication of pre engineered steel building systems.

Utilizing the latest in design and engineering technology, Duro Buildings [I-Beam Steel Buildings](#) has revolutionized industrial automation applications where traditional technologies were ineffective.

We have continued to evolve our manufacturing concepts for today's cutting edge industries. By utilizing advanced fabrication techniques we are able to produce superior products and cost effective prices.

Our steel building development continues to be an ongoing process at Duro Beam Steel Buildings, with innovative designs being introduced at regular intervals.

What makes us better? We stand behind our steel buildings. We have technical personnel to handle your difficulties. We are a family owned business with integrity and values.

Whether it's a warehouse, multiple car garage or storage for your RV or boat, truck or bus garage, mini storage building, barn for livestock or crop and fertilizer storage an industrial or commercial complex, indoor tennis complex with pro shop and restaurant. Retail or office space or even an aircraft hanger.

With a name like ours, it's obvious that excellence in manufacturing and customer service are the company's highest priorities. After years of pre-engineered steel building experience, our professionals have become obsessed with producing only the highest quality, most durable products at the lowest prices in the industry.

Manufacturing

Utilizing the latest in engineering and design technology, our fabrication process allows us to manufacture superior products for a very competitive price. We continually introduce innovative design and manufacturing concepts and develop new ideas to maintain a leading edge in the metal building industry.

Products

Our Duro Beam Buildings come standard with a 35 year exterior panel warranty and a limited lifetime warranty on non-exposed primary and secondary framing structures. We use only durable, long life fasteners for all sheeting and trim applications. All of our steel structural framing is Red-Oxide coated. Galvanized framing is available at an additional charge. Manufacturers warranty on all components and accessories upon request.

In a Hurry?

You've come to the right place. We can turn most rush projects around in 3-4 weeks. Once your order is committed, we can expedite anchor bolt plans in just a few days and approval drawings in about a week.

Your Order

When your building is ordered, the process immediately begins. The doors, insulation and other components are ordered and will be there when you need them. Call any time and within minutes you can get an update on the status of your order from any member of our customer service team!

REW:	BSW: 18'X14', 14'X14'

THIS QUOTE IS VALID FOR 10 DAYS ONLY AND MUST HAVE ALL PAPERWORK COMPLETED ON OR BEFORE ORDER DATE

Due to current steel market volatility we are not able to honor pricing beyond "order-by" dates. The current steel market is changing rapidly and we are not able to forecast when prices will stabilize. ONLY WHEN ORDER IS RELEASED FOR FABRICATION will the current/updated price be held. If the order is delayed by customer for any reason, the order is subject to re-pricing. Price of alternates will be added if checked but is not included in the proposal total. Deposit is non refundable - please check your order for accuracy and completeness.

BUILDING DEPOSIT:	\$	21,250.00
BALANCE DUE AT DELIVERY:	\$	63,750.00

BALANCE DUE PRIOR TO UNLOADING BY CERTIFIED CHECK ONLY.

The Buyer agrees to pay the total balance of the purchase price by certified check upon delivery of the merchandise and acknowledges receipt of a complete copy of this purchase order. Building may be subject to state sales tax depending on the location of sale. (Under no circumstances is cash to be paid to the driver for balances owed on building. The Seller assumes no responsibility if cash is paid to the driver for balances on building.) This purchase order by the Buyer above named to the Seller shall constitute an agreement binding upon Seller only when accepted in writing by Seller's authorized officer. The representative of the Seller preparing this purchase order is not an officer of the Seller and not authorized to accept this order of the Buyer. Upon receipt of this order at the home office of the Seller, if the order is accepted, the Acceptance copy hereto will be returned to the Buyer, duly signed by an officer of the Seller, or if not accepted by the Seller, the deposit above shall be returned to the Buyer.

Upon acceptance the Buyer shall not be entitled to a refund of the whole or any part of the deposit tendered to the representative of the Seller. No verbal conditions, agreements, representations or warranties shall be enforceable against the Seller. It is the customer's responsibility to unload the building and pay driver balance due by cashiers check before unloading.

Buyer hereby acknowledges receipt of a completed copy of this Agreement and agrees to all of the terms herein contained.

NOTE: IT IS THE CUSTOMER'S RESPONSIBILITY TO VERIFY THE LOADS & CODES WITH YOUR LOCAL OFFICIALS.
