**WASTEWATER UTILITY PAYMENTS FEES**

**MONTHLY WASTEWATER SERVICE PAYMENTS:**

The customer pays the cost to receive service to their property as well as the cost associated with the wastewater utility providing that service (which includes replacing and adding infrastructure). Customers receive twelve wastewater bills per year, one every month. The wastewater bill is combined with the water bill.

For regular residential, your bill is a flat fee charge of \$40.00 for sewer per month. Your monthly water bill is the sum of all applicable water and sewer charges.

For Multiple Unit Buildings (Duplexes, Apartments, etc.) the charge is \$40.00 plus EDU in the building (Duplexes - \$40.00 + 1 Unit @ \$10.00 = \$50.00 for sewer per month). A (4) Unit Residential Building will be charged a total of \$70 per Month for sewer charges. Your monthly water bill is the sum of all applicable water and sewer charges.

For commercial accounts, your bill is a combination of consumption charges (based on the amount of water used) the more water a customer uses the higher their monthly wastewater bill will be. Your monthly water bill is the sum of all applicable water and sewer charges.

**\* EDU = Equivalent Dwelling Unit    \* GPD = Gallons per Day    \* HCF = Hundred Cubic Foot**
