**NOTICE IS HEREBY GIVEN that the City of California City is extending the submission deadline for the above-referenced Request for Quotes (RFQ).**

Since the release of the RFQ, the City has received a significant number of vendor questions and requests for clarification regarding the scope of work, existing infrastructure, and technical requirements associated with the City's recently awarded State and Local Cybersecurity Grant Program (SLCGP). In order to allow sufficient time to respond to these inquiries and to ensure a fair, open, and competitive procurement process, the City has determined that an extension of the submission deadline is in the City's best interest.

All other terms, conditions, scope of work, and requirements of the [original RFQ](#) remain unchanged unless otherwise amended in writing by the City.

Quotes must be submitted in accordance with the instructions outlined in the original RFQ and sent electronically to:
